

Good Day Cliftdale,

I would like to first send out my prayers and hope for a speedy recovery to the victim of this sad incident. First, I would like everyone to know that we are working along with the investigators and the police to have a speedy resolution and apprehension of this suspect and/or suspects. We have consistently reported any and all activities that have been concerning to us as well as to our neighborhood to our police department and will continue to do so and follow up with any and all issues of the illegal and suspicious activities. I would also like to let the Cliftdale Community know that we are working on installing more cameras to the property and increasing security to all of our patrons. I will personally be on the property more often and pushing for more policing from our local law enforcement agencies at trying to deter any offensive and disturbing behaviors of any persons who are not able to act with a respectful form of patronage and respect to the plaza as well as to our community. I am now asking for all of our community to be involved with what is going on in our neighborhood. I need your help! I have had illegal dumping, as well as, a various group of other activities that have caused me to be more devoted to policing our community and the plaza. If you see anything out of order, out of the ordinary or out of place, or uncomfortable, please feel free to call the police (911) first and contact me via email at Cliftdaleplaza@gmail.com. We will always promote a safe, clean and always respectful environment for our service providers and customers. I thank you for your support and we will continue to be adamant of being of great service to our neighborhood.

Thanks

The Team at the Cliftdale Plaza.
