

Good Morning District 7 Constituents:

I take great pleasure in introducing to you the **NEW WOLF CREEK AMPHITHEATRE!!!!**

It is currently about 90% complete. We anticipate having the Certificate of Occupancy by the first of December and the first show in the Spring of 2010. Weather has not been our best friend during the construction phase, but, nonetheless, we are almost there. This amphitheatre has:

- A 5,000 seat capacity
- Section on both sides of the aisles for wheelchair bound patrons
- Seating on the grass for those desiring to bring their lawn chairs or blankets
- Two concession stands for up to six vendors
- Restrooms on the upper and lower level
- Green Room/Dressing Room/Lounge Area for Entertainers
- And many other amenities

We are very excited this project and we could not have done it without you. For that I say, **THANK YOU!!!**

Stay tuned for the Grand Opening scheduling.

Sincerely,

A handwritten signature in cursive script, appearing to read "W Edwards".
