About Crossroads Youth Initiative

Crossroads Youth Initiative "is an after school program conceived with the notion of bridging the gap between education and entertainment. We offer students ages 11-19 opportunities to learn leadership skills by partaking in apprenticeship initiatives in the arts. Many of our students are urban/at-risk youth studying Entrepreneurship, Theatre, Dance, Vocal Music, Drawing/Painting, and Fashion Design taught by community volunteers. Crossroads Youth Initiative is sponsored by Fulton County Schools, Georgia Department of Human Resources, Curves, and the Association of Black Cardiologist.
